

**CITY OF WAKEFIELD  
ELECTRIC INCENTIVE PROGRAM**

Date: \_\_\_\_\_ Application # \_\_\_\_\_

Name: \_\_\_\_\_ Phone # \_\_\_\_\_

Address: \_\_\_\_\_

Contractor: \_\_\_\_\_

The following guidelines will generally apply. Exceptions will be handled on a case by case basis.

- 1 All space heating and water heating equipment must be permanently installed.
- 2 An incentive payment will be paid to the owner of the residence after the equipment has been installed. Equipment will have to be inspected and verified by the City.
- 3 NEW refers to construction with NEW equipment. CONVERSION means that the primary source of heating had been a fossil fuel system, which must be removed EXCEPT in the case of an add-on HEAT PUMP. REPLACEMENT with a more efficient heat pump system does QUALIFY.
- 4 Additions or supplemental systems are not ELIGIBLE for incentive programs.
- 5 Equipment that qualifies
  - \* Heat pump with a SEER rating of 12 or higher
  - \* Resistance heating system- 10 KW or higher
  - \* 40 & 50 Gallon Electric water heaters

**Incentive Pay Out**

Heat Pump- \$500

Resistance Heating- \$200

Water Heater- \$100

Applicants Signature \_\_\_\_\_

**City Use Only**
